Ben,

Aren't the December questions just awaiting the RA's approval? If so, perhaps we can get them out this week and response to Doug and Bob that we are also working on the Feb-March questions this week. Another item we should also discuss at the next team meeting this week, is letting them know that EPA is not attending the March CAG as soon as possible, at least that was my recent understanding.

Thanks,

I have attached the latest round of questions collected from the community as of Feb. 6, 2015.

Since the previous submission of questions in Dec. 2014 remain unanswered, I am attaching those as well.

please advise if I missed something.

Bob - please forward as appropriate to the Tech Committee, TASC, EPA
